

## 2017 Student Achievement Award Winners Announced

To: Presidents and All Members

From: Paul Elliott, President

### For Information

The 2017 Student Achievement Awards, in honour of Marion Drysdale, received an extensive variety of creative submissions from across the province. Last year's Recognition and Promotion subcommittee of CPAC chose this year's theme of #MirrorMirror and it certainly captured the students' imaginations.

After receiving district-winning entries in December, submissions went through rigorous regional and provincial judging. The Regional and Provincial winners can be found below. Please celebrate these achievements within your district and your community and continue to promote this important awards program.

### REGIONAL WINNERS
